

LIVE Virtual Career Exploration Series for Grades 7-12

Whether students already have a dream career or are just starting to explore what's possible, JA Career Hunt helps them connect their interests to future opportunities.

Every JA Career Hunt event includes live conversations featuring **Career Mentors** from a **variety of industries**, **moderated student Q&A chat**, an interactive **Career Expo**, and a **digital scavenger hunt**.

Each event in the series also has its own **unique learning theme** with a **panel discussion** and **engaging activities** that help students build their career planning skills and connect learning to future opportunities.

Safe and Secure!

JA provides each registered teacher with a class set of generic logins to the event platform. No student information is gathered or shared in the platform and students cannot share video or audio.

SAMPLE EVENT AGENDA

Live Event:

- Welcome & Getting Started (3 min)
- Mainstage Learning Activity (8-10 min)
